EDUCATION **Northeastern University College of Arts, Media, and Design** 2021 - Present
Undergrad student expected to graduate in the fall of 2025. Studying design with a concentration in Interaction and a minor in Computer Science. Taken a variety of fundamental design classes such as Graphic Design 1 & 2, Typography 1 & 2, Programming Basics, Design Context Process and Systems, Movement & Time, and Interaction Design Principles. Computer science courses include Fundamentals 1 & 2 and Discrete Structures, where I learned DrRacket, Java, and essential computer science principles.

EXPERIENCE **Harvard University ESS - Multimedia Technician** 2023
Worked as an on-site multimedia technician to help facilitate smooth events, meetings, and classes with top of the line audiovisual gear. Worked with professors, faculty, and special guests to integrate new tech into existing contexts, and resolve high-stress issues in a timely manner. Created original splash screens in line with Harvard's ESS branding, currently in use on classroom display and conferencing systems.

Glimmr - Designer 2021 - 2022
Helped to lead the creative direction for the social media startup Glimmr. Personally developed icons, avatars, a brand kit, and other materials while facilitating the production of other media from the team. Joined the team a few months after its inception and quickly became the head of their team of four designers.

River-Sea Chocolates - Chocolate Maker, Designer, Tour Guide 2018 - 2021
Worked at a local business producing chocolate bars and drinks in a factory setting, while giving tours and guided tastings to connoisseurs. Created alternate branding for a limited line of mugs and tee shirts. Created a logo for a partner cacao farm in Brazil.

VOLUNTEERING **Huskies Organizing With Labor - Media Team Member, Organizer** 2021 - 2022
Created graphics and handled distribution of posters in a successful campaign to increase wages and benefits for the Northeastern dining hall staff.

Vote Forward - Letter Writer 2020 - 2021
Participated in Vote Forward, a non-partisan organization dedicated to ensuring that individuals from under-represented demographics are encouraged to vote, and given all the materials needed for their registration.

SKILLS + INTERESTS **Design**
Adept at Illustrator, Figma, InDesign, Photoshop, After Effects, Premiere Pro, and Ableton.

Programming
Proficient with the programming languages and environments Java, Processing, P5JS, TouchDesigner, Pure Data, and DrRacket.

Hobbies
Running (NUCR member, high school track + cross country captain, all-american), Cycling (NU Club Cycling member), Reading, Drawing, Meditation, Swimming.
